

# Legos for Grownups

Hosted by Kathy Russell

**When: Saturday , May 31, 2025**  
**1:00 p.m.**  
**Price \$20**  
**Luther Hall**

If you enjoy building with Lego or even a little curious about it, welcome.

Join other Lego fans for a light lunch, a look at some of the things my family and I have been building in the past year, and build a Lego set along with friends.

Beginners are welcome, as there will be many that are eager to help.

As in the past, I will send you a spreadsheet listing all my sets, from which you will select one to be built at the venue and two others of your choice to borrow to build at home.

While building together is fun, sometimes it happens that you may be busy on the day of the venue. This year, in order to expand our community of builders, we will offer alternative opportunities to share the Lego experience. Ask me at the Party of Parties or at church

## Menu:

**Buld it Yourself Sandwich Bar**  
**Soft Drinks Dessert**

*Gluten/ Vegan/Dairy Free options will  
be available*
